

RelyOn Nutec Fire Academy

Well **prepared for the heat** of the moment

A large, intense fire is burning on an industrial platform, likely a ship's deck. The fire is bright yellow and orange, with thick black smoke rising from it. In the foreground, three firefighters in full protective gear, including helmets and oxygen tanks, are standing on a wet, reflective surface. They are holding hoses, suggesting they are actively managing the fire. The background shows a cloudy sky and the structure of the ship.

**LIQUIFIED NATURAL GAS (LNG)  
AWARENESS WORKSHOP**

#### Target group

This training is open for Operators, Fire Responders, Fire Engineers, Loss Prevention Engineers and Safety Professionals.

#### Pre-requisites

Non.

#### Training program

Subjects covered:

- LNG and LPG Characteristics
- Types of LNG incidents, their characteristics, hazards and LPG comparisons
- Rapid Phase Transition (RPT) theory and illustrations
- LNG Incident control using foam and water
- Potential LNG Incident Scenarios and Strategies
- Emergency Response Plans for LNG Incidents
- LNG spills on land and on water
- Effects of water on a LNG pool
- Use of dry chemical powder on small LNG releases
- Use of foam on LNG spills
- Tactical considerations when responding to LNG incidents
- Practical demonstration and live fire scenario training

#### Duration

2 days

#### Dates

t.b.d.

#### Training Location

RelyOn Nutec Fire Academy  
Beerweg 71  
3199 LM Maasvlakte-Rotterdam  
The Netherlands

#### Price

Course fee/person, including 2 continental lunches, RelyOn Nutec certificate as well as clothing, all training equipment, fuel, extinguishing agents, excluding hotel accommodation, local transport, VAT: **EUR 2,150.00**

## ADVANTAGES OF RELYON NUTEC FIRE ACADEMY

- Brand new, innovative training location
- 35 years of experience
- Realistic fires: liquid, gas, class A fuels
- Tailor-made scenarios on client's request
- Training supported by XVR (virtual reality), scale models, full scale fire simulators
- 360° safety solutions; education, training and consultancy
- Advice on and training programmes based on national and international industrial standards and best practices
